

Science versus Philosophy
by
Peter Naur

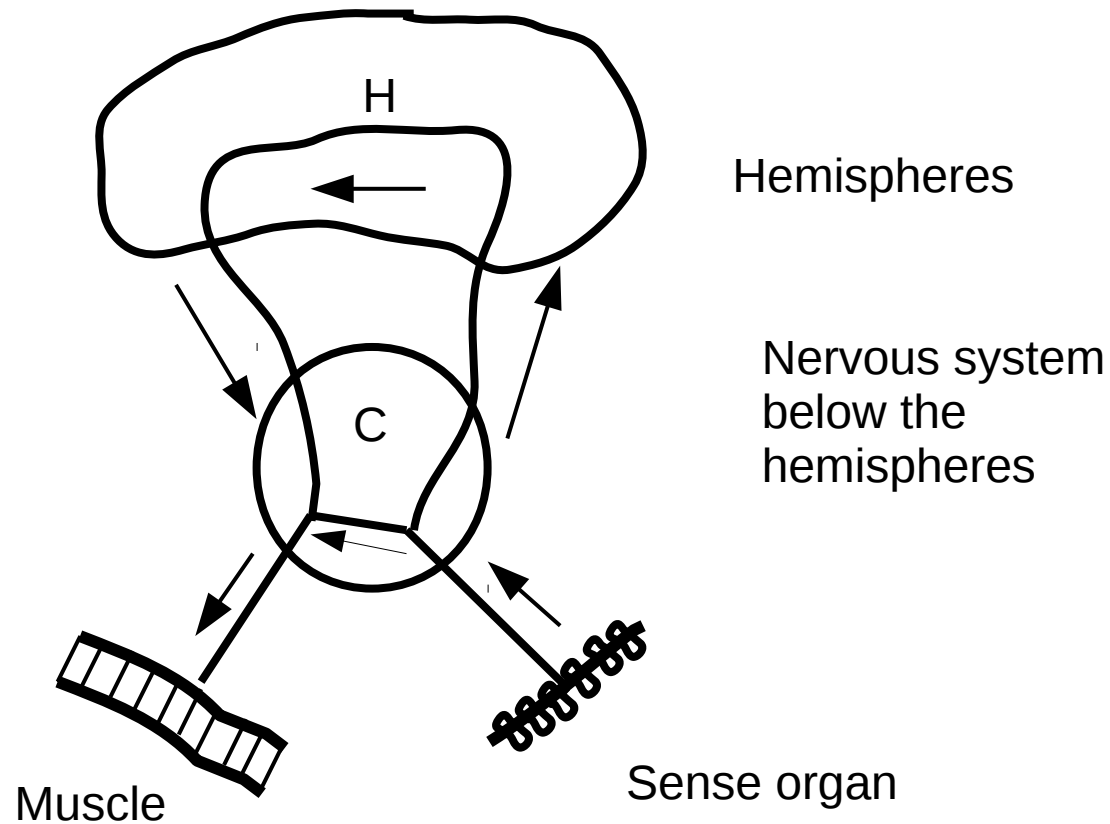

Heidelberg 3rd Laureate Forum 2015 August 23-28

Example of philosophical confusions

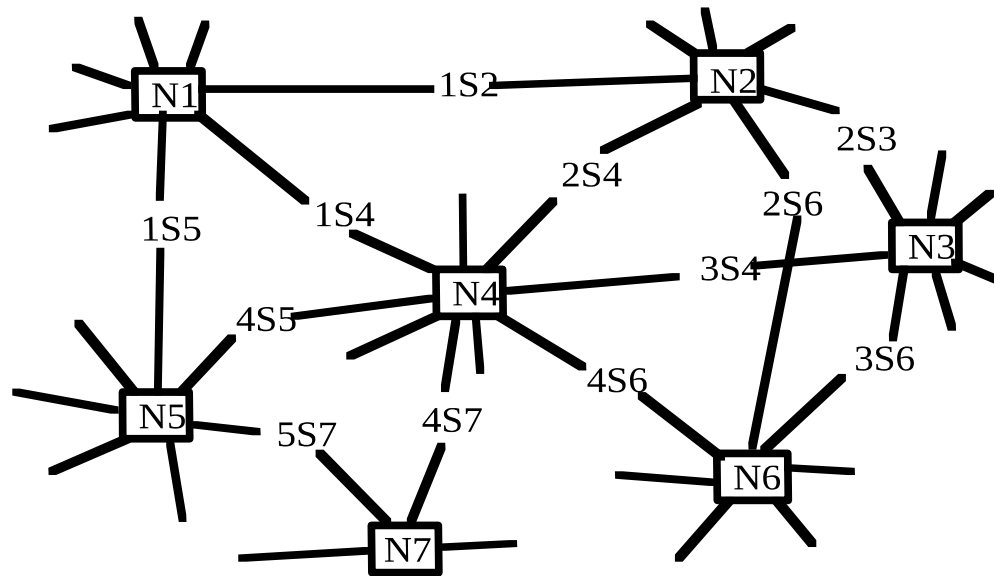

*... the faculty of knowledge should be awakened
... by means of ... objects which affect our
senses, and partly of themselves produce
representations ...*

Immanuel Kant in *Critique of pure reason*

Neural transmissions in frogs

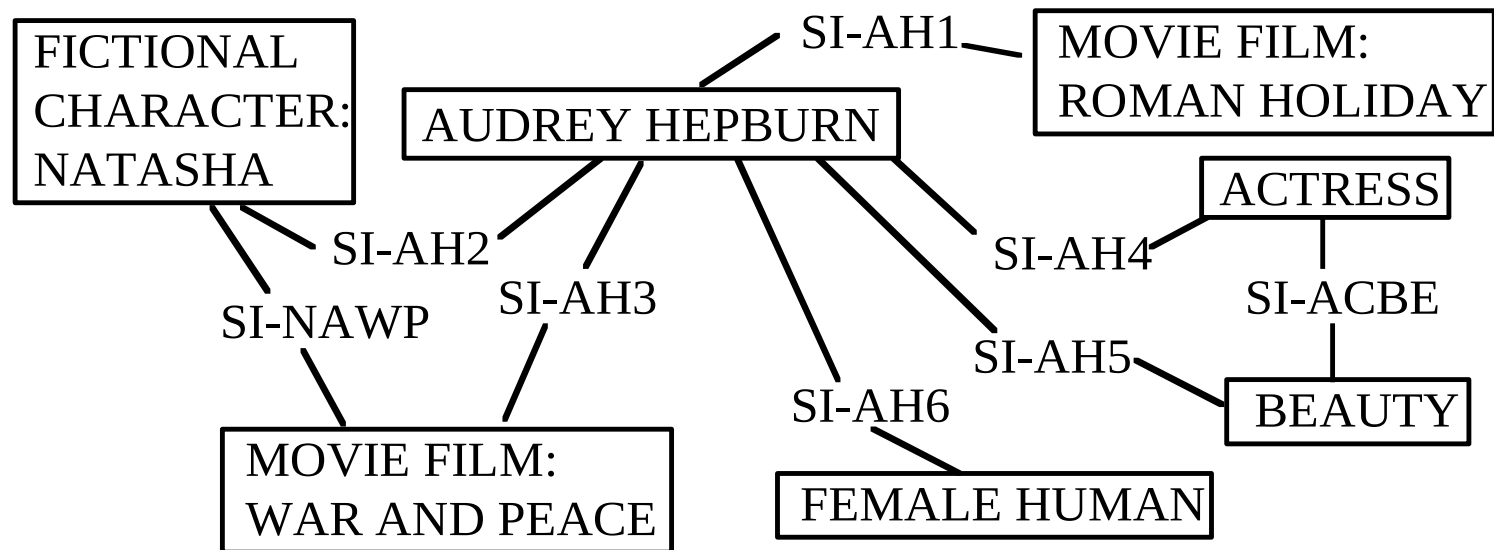

Part of the neural net

Nodes, N, and synapses, S, in small part of the item layer.

Acquaintance with Audrey Hepburn
